GOOD ROADS DAY A BIG SUCCESS

Address of R. A. Singletary
Greatly Appreciated by
All Present.

Severely scorning the politicians who took part in the session of the house of representatives which came to an ignoble close last Sunday morning, R. A. Singletary, the principal speaker of the great road meeting held in the district court room here yesterday afternoon, declared that the state of Oklahoma is in worse condition than any other state in the union was ever in.

After reviewing the record of the struggle which has been made by road boosters since 1896, when there were but four gasoline propelled automobiles in the entire United States and calling attention to some of the accomplishments which have been made during the struggle, the speaker pointed out that the premature adjournment of the house and the lack of co-operation of both houses during the entire session will bar the state from getting its part of the four hundred million dollar appropriation made by the federal government for road building in the various states.

"Before the state of Oklahoma can use the six million dollars of federal aid money which would be her portion under the appropriation, the state must match the appropriation with a like amount and when a state fails to match the federal appropriation, the money reverts back to the general fund and is re-apportioned to the states which wish to use it," declared Mr. Singletary, and followed the statement up by explaining that the road building appropriation died with the other appropriation bills, when the house adjourned without approving them.

Even if a special session of the legislature is convened, as will no doubt be the case, the speaker doubted if the road appropriation would be approved, because of the bad feeling which exists between the house and the senate and between both houses and the state highway department, which would supervise the expenditure of the money.

Great applause greeted the statement that what the state of Oklahoma needs is more men in the legislature who are big enough to lay aside their political axes during the session and work for the best interests of the people, and a high way department in which the people and the legislature have full confidence in.

The organizing of such bodies as the Good Roads Motor club, similar to the one organized here yesterday, will go a long way toward remedying conditions, according to Mr. Singletary. Such bodies, composed of members of all political persuasions, will help to center attention on the work to be accomplished, rather than the political questions involved and will have the effect of restraining the law makers from engaging in such trifling controversies as have marked the course of the recent session.

In closing his remarks, Mr. Singletary said the first requisite in road building, as in everything else, is organization. "Organization free of water and free of politics if it is to be an efficient organization," he added, "and of the two evils politics is the greater. You can ditch the water and go ahead with your road building, but politics will stand as a bar to every step of progress and will disrupt any organization."

Following Mr. Singletary's address, A. H. Sacks of Shawnee, secretary-treasurer of the Oklahoma branch of the Ozark Trail association made a brief talk, in which he told of some of the accomplishments in roadbuilding and other improvements which have been sponsored by the Lions Club of Shawnee one of the real live organizations of the state. He assured the members of the Good Roads Motor club that the boosters of Shawnee were with them and for them in any improvement work on the roads.

He also announced that the next meeting of the Ozark Trail association will be held at Shawnee next fall and extended an invitation to members of the club to attend the meeting. He also told of the proposed dedication of the new Asher bridge which will take place at the bridge on May 6. A large delegation of Shawnee boosters will meet there and put in the day celebrating the completion of the best bridge which spans the Canadian river, and he extended an invitation to the members of the club to join them on that occasion.

H. B. Roach replied to Mr. Sacks thanking him in behalf of the club for the invitations extended and assuring him that Ada would be represented on both occasions. Mr. Roach also thanked Mr. Singletary for his inspiring address, and following his remarks the membership

DEFINITE PLANS UP TO HARDING

Committee Agrees on Plans
To Care for Disabled
Soldiers.

(By the Associated Press) WASHINGTON, April 6.—Three definite recommendations to President Harding had been agreed upon today by the special commission investigating the care and treatment of disabled service men. They are:

A centralized government authority to have entire charge of all federal agencies having to do with soldier's relief work.

A de-centralized administration of service, carrying federal aid as near as possible to the home of the soldiers throughout the country.

A request for additional appropriation for hospitals, including a permanent building program.

Charles G. Dawes, chairman of the committee said he would be greatly disappointed if the public investigation was not concluded to-day.

"We will begin work on the report tonight in executive session," he said. Colonel F. W. Galbraith, Jr., national commander of the American Legion, expressed pleasure at the progress. He said the three most important decisions conform to the American Legion relief program and would be of great value in correcting present evils.

Cotton Growers' Association Will Take More Members

The following letter which has just been mailed out to the Pontotoc county members of the Oklahoma Cotton Growers' association, by the chairman and secretary of the temporary county organization is self explanatory:

Ada, Okla. 4-6-1921.
To Pontotoc County Members:

We are glad to inform you that we have gone over the top in the state, and we have not quit yet, for they told us from Oklahoma city office to continue to write new members until further orders.

Since this county was late to start organizing the work, we are instructed to get new members as fast as we can write them, and we know every loyal member will continue to push the work until this county stands where it belongs. Let every member write all the neighbors he can, and bring the contracts to Ada Saturday April 9, in the courthouse at 11:30 a.m., where every member in the county is expected to meet to perfect the county organization, and any other business necessary.

Trusting that you and your neighbors will be at this meeting, we are

Yours very truly,
J. H. BULLOCK, Chairman,
J. E. SLOAN, Secretary.

STATE CROPS TWO TO FOUR WEEKS AHEAD

(By the Associated Press)

OKLAHOMA CITY, April 6.—The season is two to four weeks further advanced this year than usual and farmers have made good progress toward preparing for spring planting, according to the weekly crop and weather report issued here today by the weather bureau. Fair progress was made during the week in crop planting, but the ground was too cool and wet for favorable germination.

The weather was said to be mostly favorable for wheat and oats and both crops are described as being in fair to good condition in the eastern part of the state and good to very good in the west portion.

There was no serious rust or insect damage to small grain, the report says. Some apples, grapes and cherries escaped the recent freeze, according to the report.

Motorist Take Notice.

There is being promoted in the state of Oklahoma an association known as the Oklahoma Automobile association, general offices in Oklahoma City. We have investigated the merits of this organization, and have been advised by the Hoosier Motor club of Indianapolis that two of the promoters of this organization are wanted in Ohio for promoting such an organization and embezzeling the funds.

They seem to have hooked up with some of the best people of Oklahoma and can show excellent endorsements, but until further notice we would advise that all motorists in this section of the country leave it alone.—N. B. Stall, President, Good Roads Motor Club.

THE OLD MAN DOESN'T CARE WHOM HE HITS

MURDERER DENIED HABEAS CORPUS

Ben Cravens, Former Oklahoma Bandit, Must Serve Time.

(By the Associated Press)
KANSAS CITY, Kan., April 6.—An application for a writ of habeas corpus was denied Ben Cravens, alias Charles Maust, convicted of murder in Oklahoma in 1901, by Judge John C. Pollock in the Kansas City, federal court today.

OKLAHOMA CITY, April 6.—Ben Cravens, alias Charles Maust, whose application for a writ of habeas corpus from the federal penitentiary at Leavenworth, Kansas was denied today, is known as the last of a long list of Oklahoma outlaws. Cravens is serving a life sentence for the murder of Alvin Bateman, assistant postmaster at Red Rock, fifteen miles south of Ponca City, early in 1901. The killing of Bateman occurred during a holdup of the post office. Cravens was not captured until ten years later.

Twenty years of banditry prior to the Bateman murder were credited to Cravens at his trial, by witnesses who testified to his operation in the Osage country.

Mr. Hunter Pleased With Ada.
Mr. J. A. Hunter, whose home is in West Virginia, paid the News office a pleasant call yesterday and was loud in his praise for Ada and Pontotoc county.

Mr. Hunter is visiting his daughter, Mrs. Edgar Bennett, of this city. He also has two other daughters in the state whom he has been visiting for some time. He is better pleased with Oklahoma every day he stays, he says, and contemplates moving to the state sometime this coming summer or fall.

Mr. Hunter says that Ada is the best town he has ever been in, considering the size, and believes that the town has a wonderful future before it. He mentioned the fact that he had heard less profanity on the streets of Ada than any place he has ever visited. He judges from this that we have a clean citizenship and that Ada would be a good place to live in.

Marriage License.
Watson Van Hauer of Jessie and Miss Marie Harlin of Jessie.

S. H. McCullough of Ada and Miss Violet Ellledge of Ada.

A new alcohol called "Petrohol" is made from oil gases. I can be produced cheaper than either grain or wood alcohol and used for any purpose to which these two are adapted except medicine.

TRANSPORT MEN TO AID MINERS

Voted To Aid British Men
in Their Present
Strike.

(By the Associated Press)
LONDON, April 6.—Decision to support the British miners in their strike was reached by the Transport Workers Federation at a meeting held here this morning.

The vote taken by the transport workers was unanimously in favor of lending assistance to the miners. It was decided to meet in conference immediately with delegates of the National Union of railroad men for the purpose of securing action on the strike situation of the "triple alliance."

The National Union of railroad men held a conference this morning and adjourned at noon until later in the day when it will hold a joint meeting with the miners.

The British National Transport Workers Federation includes most of the big water side workers unions, together with unions catering to seamen, carters, cabmen and some general labor unions are a part of their members.

With unions which have affiliated with the federation the total number of persons affected by today's decision is approximately five hundred thousand.

The belief that the house might return today was strengthened late yesterday when it became known that a conference was being held between Governor Robertson, Speaker Schwabe, Senator Charles L. McFeren, Representative Hardy and Senator R. L. Davidson. Following the conference none of the conferees would indicate what has been discussed, but it was believed at the state house that the question of the return of the house had been under consideration.

W. E. Disney, representative from Muskogee county, and a leader in the movement to have the house reconvene, said last night that he was confident that at least 47 members, or a quorum, would be in their seats at 1 o'clock Wednesday.

City Schools Will Hold Annual Track Meet Next Friday

REPUBLICANS WHIP THE WALTON TICKET

(By the Associated Press)
OKLAHOMA CITY, April 6.—Bob Parman and Warren E. Moore, republican candidates for city commissioners, were elected yesterday over Mark Kesler and Ollie Wilson, democrat incumbents. Their majority was approximately twenty-five hundred. With the exception of these two offices the entire democrat ticket was elected. The city commissioners race resolved itself into a contest between forces for and against Mayor Walton. An unexpectedly heavy vote was cast.

Lockout Declared in Tuerin.

LONDON, April 6.—A lockout has been declared by the factory owners of Tuerin, the important Italian industrial center, and troops have occupied the factories there, says a dispatch to the Central News from Rome today.

Italy is importing spaghetti from the United States.

LEGISLATURE IS STILL IN THE AIR

This Is Last Day Senate
Can Act Without
House.

(By the Associated Press)
OKLAHOMA CITY, April 6.—Whether the Eighth Oklahoma legislature is to be definitely adjourned or whether it is to be re-assembled and complete work on appropriations for state institutions and departments, is expected to be decided today, the last day on which the senate can stay in session without a joint meeting with the miners.

The belief that the house might return today was strengthened late yesterday when it became known that a conference was being held between Governor Robertson, Speaker Schwabe, Senator Charles L. McFeren, Representative Hardy and Senator R. L. Davidson. Following the conference none of the conferees would indicate what has been discussed, but it was believed at the state house that the question of the return of the house had been under consideration.

W. E. Disney, representative from Muskogee county, and a leader in the movement to have the house reconvene, said last night that he was confident that at least 47 members, or a quorum, would be in their seats at 1 o'clock Wednesday.

GRAIN MARKETING AGENCY FORMED

Farmers Will Sign Contract
to Sell Grain Exclusively
To Agency.

(By the Associated Press)
CHICAGO, April 6.—Complete machinery by which farmers of the country may take over the marketing of their grain on a co-operative basis, was laid before a national conference of grain growers here today by the "Committee of Seventeen."

The plans were given their final touches late last night. They differ in no essential way from those previously worked out by the committee, its members state. Pressure from several quarters for compulsory pooling of grain did not succeed in winning endorsement. The plan calls for pooling at option.

Farmers signing contracts must sell their grain exclusively to the agencies for five years. The membership fee is \$10.00, with no assessments.

CHICAGO, April 6.—The plan proposed by the committee of Seventeen differs in some respects from that promoted by the Wheat Growers association of America, with headquarters in Kansas and from the system already in operation under the Northwestern Wheat Growers Exchange. The three organizations were united in aim, the committee reported, though not entirely in scope or method. Efforts have been made the past week by representatives of each to agree on a single plan to be laid before the conference today which would become one national co-operative grain marketing system.

CHICAGO, April 6.—The ratification conference on the co-operative grain marketing plan submitted by the farmers committee of seventeen, assembled here today for the most important meeting of farmers that the history of our country, or any other country, has ever recorded, is the words of C. H. Gustafson, chairman of the committee.

Details of the plan, prepared during nearly a year of conferences to market the majority of the farm products of the country under the most favorable price conditions were submitted to representatives of the various farm organizations behind the proposal.

"The plan provides purely and simply for the farmer to enter upon a program of conducting his own business of marketing," said Mr. Gustafson. "It is purely a co-operative plan offered in competition with existing unsatisfactory methods of marketing. We believe that while recognizing and protecting the rights of the consuming public, it insures the farmer an equitable and just return on his grain crops by effective saving, avoiding speculation, preventing needless duplication of effort and eventually stabilizing the market for grain crops."

Last Minute Telegraph

(By the Associated Press)

Negro Stockades Were Locked.
COVINGTON, Ga., April 6.—Lindsey Peterson and Willie Preston, two of the eleven negroes on the Jasper county farm of John S. Williams, who died mysteriously after federal agents investigated alleged peonage conditions there, were chained together to a sack of rocks and thrown, alive, into the Yellow river in Newton county, the jury trying Williams on the charge of the murder of Peterson was told here today.

COVINGTON, Ga., April 6.—The "stockade" on the Jasper county plantation of John S. Williams, where the state alleged negro farm hands were held in peonage, were locked up at night, was described by department of justice investigators here today during the trial of Williams on a charge of the murder of a negro laborer.

Miners Accept Proposal.

LONDON, April 6.—The executive body of the miners union this afternoon accepted the government proposal that the miners' delegates meet representatives of the owners and the government for the reopening of negotiations with the view of a settlement of the coal strike.

Herrick Goes to France.

WASHINGTON, April 6.—Myron T. Herrick has decided to accept the appointment as American ambassador to France, a position he filled under President Taft and which he occupied at the beginning of the world war. Mr. Herrick's formal nomination will be made soon and he will go to France in the early summer.

Negro Makes Fortune.

(By the Associated Press)
YORK, S. C., April 6.—"Uncle Bill" Hopkins, a negro who died here recently, left a \$15,000 estate. Born a slave and unable to read and write, the old negro made practically all his little fortune chopping wood for his white neighbors.

Friction Conference to Be Held.

CHICAGO, Ill., April 6.—Practical ability of the co-operative marketing of fruits will be taken up here tomorrow at a national conference of

MEDICAL MEN HOLDING MEET

Five Hundred Members
Gather at McAlester for
Annual Convnetion.

(By the Associated Press)

MCALISTER, Okla., May 17.—Approximately 500 members and delegates of the Oklahoma Medical association opened their annual convention here today in the First Baptist church, organization headquarters. The convention, which will last 3 days, is the second session of the association to be held in the eastern part of the state since the society was formed a number of years ago.

In connection with the program to be carried out by the members of the profession, various displays of medical instruments, hospital supplies and electrical appliances of all descriptions have been put on exhibition by manufacturers of medical accessories, each with an accredited representative of their plant present to explain to the visitors the qualities of the products.

The schedule today called for an address by Dr. G. A. Boyle, of Enid, president of the association, who succeeded the late Dr. J. W. Duke, of Guthrie. A welcome address by the mayor and invocation was to precede the annual address of the president. Tonight there is to be an open meeting for the general public, at which time an eulogy to Dr. Duke will be read by Dr. LeRoy L. Long.

Today's convention hours were taken up by registration, assignment of doctors and the holding of clinics, given by Pittsburg county physicians at the hospitals for the visiting doctors.

The program tomorrow will be devoted to scientific papers and the discussion of scientific subjects as they affect the medical profession. At this time reports will be made by physicians prominent both nationally and locally, touching upon all the latest devices that have come to advance the medical age.

Wives and friends of McAlester physicians will hold a separate entertainment and reception in the afternoon for the ladies of members visiting the convention.

The third day of the convention is given over to the election of officers for the ensuing year and the selection of the 1922 convention city. The house of delegates of the association will cast the vote that chooses its officers for 1922.

Dr. C. A. Thompson of Muskogee, secretary of the association, was on the program for an address and report of the society. Dr. Thompson is also editor of the State Medical Journal. Dr. T. T. Morris of Crowder, third vice president, will follow Dr. Thompson with an address.

The state association is divided into six districts, similar to the congressional sections. From these districts, five scientific sections are made up, each presided over by its own chairman.

Dr. R. M. Balyeat of Oklahoma City, is chairman of the first section and Dr. H. T. Price of Tulsa, secretary; Dr. R. G. Boland, Oklahoma City and Dr. E. L. Cohenour, Tulsa, respectively president and secretary of the second section; Dr. P. P. Nesbitt of Muskogee and Dr. Victor M. Gore, Clinton, president and secretary, district three; Dr. L. M. Westfall of Oklahoma City heads districts 4 and Dr. William Taylor, also of Oklahoma City, is chairman of section five.

ANNUAL 500 MILE MOTOR RACE WILL BE GREAT AFFAIR

(By the Associated Press)

INDIANAPOLIS, May 17.—Drivers and machines entered in the annual five hundred mile International Sweepstakes automobile race at the Indianapolis Motor Speedway May 30, will be subjected to a close inspection before the start of the contest as it is possible to make.

Failure to pass the strict physical examination and tests of ability to handle an automobile traveling at the rate of nearly one hun-

dred miles an hour have kept numerous entrants out of the race. After a driver has qualified his car, he is thoroughly examined, especial attention being given to his heart action and eye-sight. Last year one of the country's best drivers was ruled ineligible because of his failure to pass such a test.

To qualify a car, the driver must negotiate four laps, or ten miles, at a rate of eighty miles an hour or better. The action of the machine as it races into the turns, said by drivers to be the most dangerous in the country, and the steadiness of the pilot in this test, also come in for consideration of the officials.

As a final precaution against accident, front axles, including all steering connections, must have been replaced two days before the race. The final touch, just prior to the start, is the brake test and the sampling of the gasoline to prevent use of ether or picric acid being used. No car can exceed 183 cubic inches piston displacement.

These precautions have resulted in there being comparatively few deaths from accident at the speedway in the eleven years of its existence.

GUARDSMEN WILL CAMP AT FT. SILL

Annual Encampment of More Than Two Thousand Men in June.

(By the Associated Press)

OKLAHOMA CITY, Okla., May 14.—Members of the Second and Third regiments of the Oklahoma National Guard, 120 officers and approximately 2,000 enlisted men, will hold their annual encampment on the military reservation at Fort Sill, June 5 to 19, inclusive, under General Orders No. 11, sent out today by Adj. Gen. C. F. Barrett to all commanding officers.

Confirmation of estimates made by the adjutant general for the encampment recently arrived from headquarters of the Eighth Corp and providing for a fund of \$144,169.21 to pay expenses, mileages and pay for all officers attending the encampment.

The artillery units of the national guard will hold a separate encampment from that of the infantry regiments. According to General Barrett the artillerymen will train in three periods, from July 10 to 24; July 24 to August 7, and August 7 to 21.

An advance guard composed of 4 officers and 40 enlisted men will arrive at the reservation two days in advance of the infantrymen to prepare camp. A similar detail will remain for a like number of days after the encampment to police up.

Simultaneously with the announcement General Barrett said that invitations have been sent to every member of the Oklahoma legislature urging them to pay a visit to the encampment as guests of the national guard and to inspect the troops as they present themselves in assumed war conditions. In this connection General Barrett pointed out that the state does not withstand in any part the funds that provide for the encampment, everything being paid by the federal government.

A transport convoy that will resemble the long stream of motor equipment that used to pour steadily from the base ports of France across the interior to the front will leave Oklahoma City two days in advance of the date of encampment. General Barrett announces. This convoy will consist of approximately 40 trucks, ambulances and official

touring cars, the greatest array of motor transportation and equipment the national guard of Oklahoma has ever boasted, the general said. In this respect it was also explained that the guard itself is better equipped for the encampment this year than ever before and that instead of depending upon reservation property to equip the men, this year the guard will be ready for training the moment it arrives.

The schedule of drill at the camp will follow the lines provided by the regular army. Enlisted men will receive the basic pay of \$1 per day for each day in camp and the officers' pay will be rated correspondingly to that in the regular service. Due to the short time of the encampment the program will be even more intensive, General Barrett says, and will touch upon every phase of military training from drilling to actual war maneuvers.

Uniform and equipment to be carried by both the men and officers will be the standard field service. Each unit, under the order, will proceed to Fort Sill from its home station. Company commanders are instructed to prepare their subsistence accounts for travel both ways. Each man is entitled to 53 meals at a cost of approximately 55 cents per day.

No officers school will be held this year as has been the custom in previous years. General Barrett said. The usual elimination shoot will be held, however, for the purpose of picking two rifle teams from the guard to enter the national shoot at Camp Perry, Ohio, later in the season.

Funds for the encampment are divided into \$105,886.29 for the infantry training and \$38,292.92 for the artillery camp in July and August. Of the combined total cost \$116,419.21 will be distributed to members in payment for their attendance.

Batteries "A" of the light and heavy artillery units of the guard, located at Wewoka and Enid, respectively, will train the first period from July 10 to 24. Batteries "B" of the two branches, located at Pittsburgh and Muskogee, will camp July 24 to August 7, and Batteries "C," "D" and "E" and members

of other batteries that are not complete at the time of training, will camp August 7 to 21. Machine gun companies, regimental and battalion headquarters companies, howitzer companies and sanitary detachments will take the organizational equipment pertaining to their respective units, according to orders.

We will appreciate it if you will call us about any empty ice cream packers that you may have, thank you. Southern Ice & Utilities Co. Phone 244. 5-16-6d*

Frisco Passenger Station Robber of \$221.84 Last Night

The Frisco passenger station was robbed of \$221.84 between midnight and 1:00 o'clock this morning while W. D. Fine, the night ticket clerk, was eating lunch at a nearby cafe.

The office was entered through a front window, the night latch of which was manipulated after a section of broken glass had been removed. A small pad lock was twisted from the cash drawer and all of the money in the till was taken.

The night police and the sheriff's office were notified by Mr. Fine immediately after the robbery was discovered, but their efforts to find the thief have so far been unsuccessful.

Nothing but the money has been missed from the office and apparently the thief made no effort to open the office safe.

Two Children From Same Family Now in Hospital Very Ill

Roy and Curtis Johnson, eight and ten years of age respectively, sons of Mr. and Mrs. T. J. Johnson of 111 South Johnson, are seriously ill at the hospital with a complication of troubles.

Roy's case has been diagnosed as pneumonia, while Curtis is thought to have typhoid fever. They were taken to the hospital yesterday and have grown some better during the last few hours.

Ladies get you a modern turking needle at the Oriental & Novelty store, 225 E. Main. Free demonstration all week and one beautiful hand painted picture value \$10.00 given free with each needle sold. Price \$1.25. 5-12-6d*

NO BOOM, BUT A MAGIC DEVELOPMENT

NATIONAL MEET WILL BE HELD AT CHICAGO IN MAY

CHICAGO, May 17.—Judging from the early list of the entries, the University of Chicago interscholastic track and field meet this year will be more national in character than ever. The meet will be held Saturday, May 28, and a record breaking entry list is assured.

Invitations have been extended to every high school and academy of importance in the country. Entry blanks were sent to 4,500 high schools and more than 800 academies. The first individual entry was from M. Humphrey of the Higginsville, Mo., high school, who will compete in the 100 and 220 yard dashes. Teams representing schools from the Atlantic to the Pacific have sent in entries and star athletes will come on from as far west as California.

The star Cedar Rapids high school team of Cedar Rapids, Ia., is one of the first to enter. With a splendid combination, the Cedar Rapids team won both the one-mile and the two-mile interscholastic titular relays at the University of Pennsylvania. In the one-mile event, the team made a time of 3:37 2-5 and in the two mile, a time of 8:25 2-5. The Cedar Rapids team also won the same events at the Drake Relays.

For the first time in its history, this year's interscholastic will include a championship meet for academies. Many of the leading academies of the country are daily showing their approval of the innovation. The Culver Military Academy of Culver, Ind., and the Shattuck school of Faribault, Minn., will enter.

Several special features are being planned for the interscholastic week. On Thursday and Friday before the meet the "Big Ten" tennis players will compete for conference honors. On Friday and Saturday there will be automobile sight seeing trips and a boat ride on Lake Michigan. The meet takes place Saturday afternoon, followed in the evening by a banquet, presentation of prizes and an entertainment.

GRADE SCHOOLS PLANT ELM TREES IN SCHOOL YARDS

(By the Associated Press)
DES MOINES, May 16.—Each of Des Moines fifty-three grade schools has planted a native elm tree. The trees were the gift of Senator Lafayette Young, former United States senator and publisher of the Des Moines Capital, as the initial step in a large ground beautifying campaign fostered by The Capital, in conjunction with the City Garden Commission of the school board.

No prizes were awarded in the campaign, as it was purely educational. In addition to planting of the trees the children in many instances went to the woods near the city and dug native shrub plants which they planted on the school grounds.

The school ground work went into every department of the schools. The art department pupils drew the landscape plans, submitting their plans to an expert landscape architect for final approval. After the plans were approved the youngsters went to the woods after the necessary shrubs and plants, to carry out the plans.

At some of the schools the soil is poor. To overcome that the children carried rich loam from considerable distances, using pails and boxes. The trees, shrubs and flowers

were planted in this "imported" soil.

"When the Lafayette Young trees were planted a landscape expert talked to the children, explaining to them the proper method of tree planting, pruning, etc. As a result 17,000 grade school children of Des Moines were given information on tree planting and culture, and their interest in native plants aroused.

The school ground beautification program culminated in an appropriate service Arbor Day when the children read poems and sang spring songs. The trees presented by Mr. Young were dedicated and a bronze marker placed on each. Protective fences have been erected around the trees by the children.

EACH STUDENT IN VOCATIONAL TRAINING WILL GET VACATION

(By the Associated Press)

CHICAGO, May 17.—A vacation of at least two weeks for every vocational training student in the Chicago district is the object of plans now being perfected for an ex-service men's summer camp at Fort Sheridan. The camp is being engineered by the Federal Board for Vocational Education. The district comprises the states of Illinois, Wisconsin and Michigan.

The use of the camp at Ft. Sheridan was secured through Major General Leonard Wood before his departure for the Philippines recently on a special mission. During the general's absence, Col. George E. Lovell will act as his representative.

The Ft. Sheridan site has been used for many years as a camping and training center and offers every facility for recreation. The district contains 8000 men who are receiving training through the government board and all are entitled to take advantage of the summer vacation camp.

The Hobart electric company is planning the installation of a new oil engine in its plant there.

SO WEAK SO NERVOUS

How Miserable This Woman Was Until She Took Lydia E. Pinkham's Vegetable Compound

Toombsboro, Ga.—"I suffered terribly with backache and headache all the time, was so weak and nervous I didn't know what to do, and could not do my work. My trouble was deficient and irregular periods. I read in the papers what Lydia E. Pinkham's Vegetable Compound had done for others and decided to give it a trial. I got good results from its use so that I am now able to do my work. I recommend your Vegetable Compound to my friends who have troubles similar to mine and you may use these facts as a testimonial."—Mrs. C.F. PHILLIPS, Toombsboro, Ga.

Weak, nervous women make unhappy homes, their condition irritates both husband and children. It has been said that nine-tenths of the nervous prostration, nervous despondency, "the blues," irritability and backache arise from some displacement or derangement of a woman's system. Mrs. Phillips' letter clearly shows that no other remedy is so successful in overcoming this condition as Lydia E. Pinkham's Vegetable Compound.

The school ground work went into every department of the schools. The art department pupils drew the landscape plans, submitting their plans to an expert landscape architect for final approval. After the plans were approved the youngsters went to the woods after the necessary shrubs and plants, to carry out the plans.

At some of the schools the soil is poor. To overcome that the children carried rich loam from considerable distances, using pails and boxes. The trees, shrubs and flowers

THERE is a big difference between Calumet and all other Baking Powders.

First—You see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness—lightness and texture of your bakes. They look better—finer grained.

"S-o-m-e Biscuit!"

"BEST BY TEST"

CALUMET
BAKING POWDER

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all-satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Training School Closes Successful Session This Week

The training school of the East Central State College has just closed one of the most successful terms in its history and has had one of the heaviest enrollments also, as each department has been crowded to capacity. Many of the students who have been attending during the spring term are to attend this summer.

Several new features have been added to the school this year, which has done much good for the pupils, putting the training school on an equal basis with the regular ward schools. Of these departments the art class has attracted much attention. The students have shown a great interest in this work, which has been under the supervision of the Normal art department.

Other features that have been successful are the manual training and Home Economics classes and the physical training class. Music has also been a leading feature. Each student from the fifth grade up have been given the opportunity to take most, if not all, of the features. With these extra features the school will be able to give the various practice teachers a chance to specialize in the various departments.

The training school has had an average enrollment of 125 students, using 25 teachers each term. All the grades have been above the average and the management

of the school is very well pleased with the showing that has been made. Prof. R. R. Robinson has been the supervisor of the school.

Plans are being made to do good work this summer and the school will open at 8 and close at 12 o'clock each day. Most of the higher grades are almost filled but several students in the primary and intermediate grades are wanted.

Freshman Makes Record.

(By the Associated Press)

Northfield, Minn., May 17.—"Lefty" Wock, a freshman at Carleton college, is the latest collegian to bid for no-hit no-run fame. In a game against McAlester Wock turned the opposing batsmen back without a hit or a run.

In the game against St. Olaf he struck out fourteen and passed two, allowing only three hits.

Wock is 22 years old. He has played but little baseball, but Coach Claude Hunt, believes he is a "comer." Wock was a member of the football and basketball squads.

Wants Championship Match.

(By the Associated Press)

CHICAGO, May 17.—Sailor Freedman, the Chicago lightweight, who is negotiating for a championship match with Benny Leonard July 4, will box two opponents in the meantime. He will meet Johnny Dundee at East Chicago May 30, and Dennis O'Keefe at Kenosha, Wis., May 18. The Kenosha match previously had been set for May 13.

NORMAL NOTES

The cafeteria will be operated this summer and it promises to be a great help to the students.

Prof. Newcomb will deliver the commencement address for the Allen high school at that place Tuesday evening.

E. C. Wilson was in Oklahoma City Tuesday and Wednesday of this week attending a state meeting of librarians.

Many extra teachers will be arriving in the city this week and next to take up their work in the summer session.

Prof. Robinson is billed to deliver the class address at Tupelo Wed-

nesday night and at Sasakwa Thursday night of this week.

Every department of the Normal will be opened for the summer term. Students will be given an opportunity to take the work in any line given by the school.

The business manager of the "Pegasi" has announced that the books will be here Friday of this week. Those who owe some yet on their annual are asked to settle up at once and all others who want one should get in now.

School will close after Wednesday of this week to give the teachers and students time to prepare for the summer term. The summer term will begin next Monday and affairs are rapidly shaping themselves for a good sumer session.

In addition to the other extra teachers for the summer session the Normal orchestra will be headed by

Prof. A. L. Fentem of the Ada High school. Those who are interested in this kind of work will not be disappointed as Mr. Fentem is an able instructor in the work. He had charge of the high school orchestra during the past year.

Want to buy a home? Turn to the want ads.

Notice of Reward

STOLEN: Motor motor and radiator cap off Nash car at Normal Monday night; will pay reward for recovery of same.

FREE! FREE! EVERYBODY COME

Do you realize the Versatility of BREAD?

Of course, you know of its goodness, its wholesomeness and its food value. That is why you serve bread three times a day.

That's why you allow the kiddies to eat as much bread as they want. But, do you know the many dainty dishes that can be made with bread?

Here is an exceptionally appetizing one:

Bread Croquettes with Peaches

2 cups stale bread crumbs	1 cup milk
½ cup blanched and chopped almonds	2 eggs
1 teaspoon grated lemon rind	2 eggs
1 tablespoon lemon juice	1 teaspoon salt
1 tablespoon melted butter	Canned peaches

Put bread crumbs into a basin, add chopped almonds, butter, salt, lemon rind and juice, and milk. Heat this mixture and let boil for a minute then remove from fire. Add yolks of eggs. When mixture is cool, form into six croquettes. Brush these over with beaten egg whites, roll in fine bread crumbs and fry in smoking hot fat. Serve with the peaches.

Good Bread is the brand to use when trying this delicious goody. Give your family Bread Croquettes with peaches tonight and enjoy their loud applause.

DEFINITE PLANS UP TO HARDING

Committee Agrees on Plans
To Care for Disabled
Soldiers.

(By the Associated Press)

WASHINGTON, April 6.—Three definite recommendations to President Harding had been agreed upon today by the special commission investigating the care and treatment of disabled service men. They are:

A centralized government authority to have entire charge of all federal agencies having to do with soldier's relief work.

A de-centralized administration of service, carrying federal aid as near as possible to the home of the soldiers throughout the country.

A request for additional appropriation for hospitals, including a permanent building program.

Charles G. Dawes, chairman of the committee said he would be greatly disappointed if the public investigation was not concluded today.

"We will begin work on the report tonight in executive session," he said. Colonel F. W. Galbraith, Jr., national commander of the American Legion, expressed pleasure at the progress. He said the three most important decisions conform to the American Legion relief program and would be of great value in correcting present evils.

Cotton Growers' Association Will Take More Members

The following letter which has just been mailed out to the Pontotoc county members of the Oklahoma Cotton Growers' association, by the chairman and secretary of the temporary county organization is self explanatory:

Ada, Okla., April 6, 1921.
To Pontotoc County Members:

We are glad to inform you that we have gone over the top in the state, and we have not quit yet, for they told us from Oklahoma City office to continue to write new members until further orders.

Since this county was late to start organizing the work, we are instructed to get new members as fast as we can write them, and we know every loyal member will continue to push the work until this county stands where it belongs. Let every member write all the neighbors he can, and bring the contracts to Ada Saturday April 9, in the courthouse at 11:30 a. m., where every member in the county is expected to meet to perfect the county organization, and any other business necessary.

Trusting that you and your neighbors will be at this meeting, we are

Yours very truly,
J. H. BULLOCK, Chairman,
J. E. SLOAN, Secretary.

STATE CROPS TWO TO FOUR WEEKS AHEAD

(By the Associated Press)

OKLAHOMA CITY, April 6.—The season is two to four weeks further advanced this year than usual and farmers have made good progress toward preparing for spring planting, according to the weekly crop and weather report issued here today by the weather bureau. Fair progress was made during the week in crop planting, but the ground was too cool and wet for favorable germination.

The weather was said to be mostly favorable for wheat and oats and both crops are described as being in fair to good condition in the eastern part of the state and good to very good in the west portion.

There was no serious rust or insect damage to small grain, the report says. Some apples, grapes and cherries escaped the recent freeze, according to the report.

Motorist Take Notice,

There is being promoted in the state of Oklahoma an association known as the Oklahoma Automobile association, general offices in Oklahoma City. We have investigated the merits of this organization, and have been advised by the Hoosier Motor club of Indianapolis that two of the promoters of this organization are wanted in Ohio for promoting such an organization and embezzling the funds.

They seem to have hooked up with some of the best people of Oklahoma and can show excellent endorsements, but until further notice we would advise that all motorists in this section of the country leave it alone.—N. B. Stoll, President, Good Roads Motor Club.

(By the Associated Press)

KANSAS CITY, Kan., April 6.—An application for a writ of habeas corpus was denied Ben Cravens, alias Charles Maust, convicted of murder in Oklahoma in 1901, by Judge John C. Pollock in the Kansas City, Kan., federal court today.

OKLAHOMA CITY, April 6.—Ben Cravens, alias Charles Maust, whose application for a writ of habeas corpus from the federal penitentiary at Leavenworth, Kansas was denied today, is known as the last of a long list of Oklahoma outlaws. Cravens is serving a life sentence for the murder of Alvin Bateman, assistant postmaster at Red Rock, fifteen miles south of Ponca City, early in 1901. The killing of Bateman occurred during a holdup of the post office. Cravens was not captured until ten years later.

The British National Transport Workers Federation includes most of the big water side workers unions, together with unions catering to seamen, carters, cabmen and some general labor unions are a part of their members.

With unions which have affiliated with the federation the total number of persons affected by today's decision is approximately five hundred thousand.

Mr. Hunter Pleased With Ada,

Mr. J. A. Hunter, whose home is in West Virginia, paid the News office a pleasant call yesterday and was loud in his praise for Ada and Pontotoc county.

Mr. Hunter is visiting his daughter, Mrs. Edgar Bennett, of this city. He also has two other daughters in the state whom he has been visiting for some time. He is better pleased with Oklahoma every day he stays, he says, and contemplates moving to the state sometime this coming summer or fall.

Mr. Hunter says that Ada is the best town he has ever been in, considering the size, and believes that the town has a wonderful future before it. He mentioned the fact that he had heard less profanity on the streets of Ada than any place he had ever visited. He judges from this that we have a clean citizenship and that Ada would be a good place to live in.

Marriage License.

Watson Van Hauer of Jessie and Miss Marie Harlin of Jessie, Henry Dixon of Vanoss and Miss Matie Whitaker of Vanoss.

Sam Gordon of Ada and Miss Leah Wilson of Ada.

S. H. McCullough of Ada and Miss Violet Ellidge of Ada.

REPUBLICANS WHIP THE WALTON TICKET

(By the Associated Press)

OKLAHOMA CITY, April 6.—Bob Parman and Warren E. Moore, republican candidates for city commissioners, were elected yesterday over Mark Kester and Ollie Williams, democrat incumbents. Their majority was approximately twenty-five hundred. With the exception of these two offices the entire democrat ticket was elected. The city commissioners race resolved itself into a contest between forces for and against Mayor Walton. An unexpectedly heavy vote was cast.

Lockout Declared In Tuerin.

LONDON, April 6.—A lockout was declared by the factory owners of Tuerin, the important Italian industrial center, and troops have occupied the factories there, says a dispatch to the Central News from Rome today.

Italy is importing spaghetti from the United States.

GRAIN MARKETING AGENCY FORMED

Farmers Will Sign Contract
to Sell Grain Exclusively
To Agency.

(By the Associated Press)

CHICAGO, April 6.—Complete machinery by which farmers of the country may take over the marketing of their grain on a co-operative basis, was laid before a national conference of grain growers here today by the "Committee of Seventeen."

The plans were given their final touches late last night. They differ in no essential way from those previously worked out by the committee, its members state. Pressure from several quarters for compulsory pooling of grain did not succeed in winning endorsement. The plan calls for pooling as option.

Farmers signing contracts must sell their grain exclusively to the agencies for five years. The membership fee is \$10.00, with no assessments.

CHICAGO, April 6.—The plan proposed by the committee of Seventeen differs in some respects from that promoted by the Wheat Growers association of America, with headquarters in Kansas and from the system already in operation under the Northwestern Wheat Growers Exchange. The three organizations were united in aim, the committee reported, though not entirely in scope or method. Efforts have been made the past week by representatives of each to agree on a single plan to be laid before the conference today which would become one national co-operative grain marketing system.

CHICAGO, April 6.—The ratification conference on the co-operative grain marketing plan submitted by the farmers committee of seventeen, assembled here today for the most important meeting of farmers that the history of our country, or any other country, has ever recorded, is the words of C. H. Gustafson, chairman of the committee.

Details of the plan, prepared during nearly a year of conferences to market the majority of the farm products of the country under the most favorable price conditions were submitted to representatives of the various farm organizations behind the proposal.

"The plan provides purely and simply for the farmer to enter upon a program of conducting his own business of marketing," said Mr. Gustafson. "It is purely a co-operative plan offered in competition with existing unsatisfactory methods of marketing. We believe that while recognizing and protecting the rights of the consuming public, it insures the farmer an equitable and just return on his grain crops by effectively saving, avoiding speculation, preventing needless duplication of effort and eventually stabilizing the market for grain crops."

Last Minute Telegraph

(By the Associated Press)

Negro Stockades Were Locked.

COVINGTON, Ga., April 6.—Lindsey Peterson and Willie Peterson, two of the eleven negroes on the Jasper county farm of John S. Williams, who died mysteriously after federal agents investigated alleged peonage conditions there, were chained together to a sack of rocks and thrown, alive, into the Yellow river in Newton county, the jury trying Williams on the charge of the murder of Peterson was told here today.

COVINGTON, Ga., April 6.—The "stockade" on the Jasper county plantation of John S. Williams, where the negroes were held in peonage, were locked up at night, was described by department of justice investigators here today during the trial of Williams on a charge of the murder of a negro laborer.

Miners Accept Proposal.

LONDON, April 6.—The executive body of the miners union this afternoon accepted the government proposal that the miners' delegates meet representatives of the owners and the government for the reopening of negotiations with the view of a settlement of the coal strike.

Herrick Goes to France.

WASHINGTON, April 6.—Myron T. Herrick has decided to accept the appointment as American ambassador to France, a position he filled under President Taft and which he occupied at the beginning of the world war. Mr. Herrick's formal nomination will be made soon and he will go to France in the early summer.

Fruit Conference to Be Held.

(By the Associated Press)

CHICAGO, Ill., April 6.—Practical ability of the co-operative marketing of fruits will be taken up here tomorrow at a national conference of fruit growers with the American Farm Bureau Federation.

C. H. Gustafson, of Nebraska, head of the national farm bureau co-operative marketing department, will preside.

Headquarters of the farm bureau federation here reports that information from the principal fruit growing states points to a large attendance. California is expected to have 25 men present.

5 LIVES LOST IN OKLAHOMA FLOOD

25,000 Acres of Land Under
Water As Result of Big
Downpour.

(By the Associated Press)

HOBART, April 6th.—Possibility that five lives have been lost in the flood in southwestern Oklahoma resulting from a torrential downpour of rain in the basins of the Washita river and the north fork of the Red river Monday night loomed today as meager reports reached here from the flooded area.

Telephone and telegraph wires are down in all directions and communication with the half dozen counties affected by the high water is almost impossible. Hundreds of head of livestock have perished and thousands of acres of bottom lands are flooded.

A report from Hollis county seat of Harmon county, last night, said two lives had been lost near there. This could not be confirmed today, as it was impossible to communicate with Hollis. A report today from Warren, a small town south of here, on the north fork of the Red river, said a family of three living on the river bank was last seen about dusk last night floating down the river on the roof of their home. It was believed they had perished during the night.

The flood waters today had reached the country directly south of Hobart, within two miles of the junction of Elk creek with the north fork of the Red river. Two families of eleven persons living on an island at the junction of the two streams were marooned for several hours today, but finally were rescued by a boat sent by a near by town. An airplane attempted to rescue them but could not find a suitable landing place.

It is estimated by county authorities that twenty five thousand acres of land in this county is under water. Seventy five percent consisting of alfalfa with the remainder corn land. It was said the alfalfa would be a total loss, and the corn would have to be replanted. The same authorities placed the loss of livestock at one thousand hogs and about fifty hogs and cattle.

HUGHES AFFIRMS THE RIGHTS OF U.S.

(By the Associated Press)

PARIS, April 6.—A note of considerable length from secretary of state Hughes has been received by the French foreign office through the American embassy here. The document which bears the date of April 4, affirms the rights of the United States in all settlements arising from the world war. Identical communications were sent to British and Italian governments, it is understood, with the notice that the text will be issued at the state department in Washington immediately after all the interested governments have received their notes.

WASHINGTON, April 6.—New notes on the subject of mandates have been sent by the American government to the government of Japan, Great Britain, France and Italy.

The notes are understood to be very similar but the occasion for preparing them is said to be the receipt of Japan's reply to the original American note protesting against the German Mandate over the German island in the Pacific, north of the equator.

The state department officials refused to discuss the documents but it was learned that they were broad enough in terms to cover all American rights growing out of the world war.

The notes form a part of the series begun by Secretary Colby in which the United States insisted upon its full right as one of the allied and associated powers, and also the right to pass finally upon all mandates before their adoption.

Negro Makes Fortune.

(By the Associated Press)

YORK, S. C., April 6.—"Uncle Bill," Hopkins, a negro who died here recently, left a \$15,000 estate.

Born slave and unable to read and write, the old negro made practically all his little fortune chopping wood for his white neighbors.

Fruit Conference to Be Held.

(By the Associated Press)

CHICAGO, Ill., April 6.—Practical ability of the co-operative marketing of fruits will be taken up here tomorrow at a national conference of fruit growers with the American Farm Bureau Federation.

C. H. Gustafson, of Nebraska, head of the national farm bureau co-operative marketing department, will preside.

STATE NEWS

PONCA CITY.—An Indian agricultural and livestock fair will be held here next fall. This is being arranged by the local Chamber of Commerce.

HOLLIS.—The annual livestock and poultry show of Harmon county will be held here, April 14. Five hundred dollars in prizes will be awarded the winners.

PERRY.—The annual county educational and athletic meet will be held here, April 22 and 23. Loving cups are to be awarded the winning teams.

OKLAHOMA CITY.—Southern Oklahoma is to have a new state road. The roadway will run from Oklahoma City to Ardmore. It is to be known as the Arbuckle Highway.

BRISTOW.—Cotton acreage will be reduced more than one-third in Creek County this year, according to J. W. Riley, county agent. Riley reports farmers sowing oats instead of cotton as formerly.

MCALISTER.—Approximately 300,000 acres of coal and mineral land in the Chickasaw and Choctaw nations will be sold at an early date according to officials of the Five Civilized tribes. The land is said to be worth \$12,000,000.

MUSKOGEE.—An interurban car system, linking Oklahoma City with Henryetta, Okmulgee and Muskogee, has been suggested by R. D. Long, former manager of the Muskogee Traction company. The project would cost about \$24,000,000.

DUNCAN.—The United Charities society of Duncan has asked the city commission to appoint Miss Ella Payne as a special police officer. If the commission acts favorably on the request Miss Payne will be the first policewoman on duty in Duncan.

HENRYETTA.—According to reports here the Oklahoma-Southern railway company, which is constructing a new line from Bristow to Oklahoma City, will pass through this city, thus tapping the rich coal fields hereabouts.

MIAMI.—Zinc miners who have

been forced out of employment because of market conditions, are being cared for by a relief organization of Picher. More than 200 have found temporary employment as day laborers on state roads in this county.

BEAVER.—The Oklahoma Panhandle is to have a new railroad according to apparently reliable reports here. The new road is to run from Beaver, west, through Guman, Boise City and Garrett and its western terminus will be Las Animas, Colo. It is understood here the new road will be financed by the Santa Fe.

OKMULGEE CITY.—Hearing of the application of the corporation commission for readjustment and reduction of rates between Oklahoma and Texas points on grain, hay and straw will be held before the interstate commerce commission examiner here, April 6. The complaint involves rates on carload shipments only.

TULSA.—Law enforcement officers and pharmacists of the state have been invited to attend a conference of prohibition enforcement officials here, April 11, at which time the recent rulings of the department of justice concerning manufacture and sale of beer, will be discussed, and interpretations of the law given by federal authorities.

OKLAHOMA CITY.—Farm labor will be plentiful during the harvest this year. Claude F. Connally, state labor commissioner, is confident wages paid such laborers will also be much lower this year. Connally said. During the war farm laborers received \$75 a month and board, on an average. This year the average wage will be \$30. Connally believes.

CHICKASHA.—The Oklahoma Broom Manufacturers' association and the Southwest Broom Manufacturers' association will meet in joint convention here, April 6. Three hundred delegates are expected from each organization. Trade conditions will be the principal topics under discussion. An elaborate program of entertainment has been planned for the visitors. The program includes, a war dance by the Com-

anche blanket Indians, and Indian pony race and a badger fight.

GUTHRIE.—The legality of the federal law prohibiting the sale of Indian lands before deeds to them are in their Indian owners' names, will be tested in the federal district court here next term. Miller Brothers of 101 ranch, near Ponca City, charged in an indictment returned by a federal grand jury, with securing Indian lands through filing false applications of patents and deeds, contend they have a legal right to buy lands from Indians after patent rights have been issued though not actually delivered into their hands. District Attorney Peck, in charge of the prosecution of the case against the Indians, maintains such a transaction is unlawful.

The next term of federal court will open here during May. No definite date for the Miller case has been set.

Old Editor Will Write at Home

RACINE, Wis., April 5.—The Journal-News of Racine Wis., has begun construction of a new home. A new 24-page tubular duplex press will be installed.

F. W. Starbuck, president of the company and also editor, is still writing editorials for the paper at his residence near San Jose, Cal., and although 75 years of age and afflicted with almost complete loss of eyesight, continues his daily work. He operates his own typewriter through long familiarity with the keys, and his grasp on and interest in public questions is just as keen as it was twenty years ago.

F. R. Starbuck, his son, is secretary and treasurer, and D. F. Griswold is the city editor. The latter has been with the paper over forty years.

The pressroom will be situated on the first floor, and the entire remainder of this floor will be occupied by the various clerical departments. The second floor will be given up to the composing and stereotype rooms, with tier of offices for proofreaders, deskmen and

Associated Press operator. A large lobby has been arranged with marble terrazzo, floor, and on the right an open stairway with ornamental metal to the second floor.

Get Divorce After 15 Years.
LEITH, N. D., April 5.—Fifteen years ago William Kincaid of Leith started a divorce action in Ohio. The case, after sessions in three courts, has just ended in a decree for him. A son 8 years old when the action was started now is married.

YOUNGEST VETERAN OF WORLD WAR IS FOUND

FORT SCOTT, Kan., April 5.—Fort Scott's claim to the youngest veteran of the world war is disputed. Herman Lange of this city who was but 14 when he enlisted held this record, it was believed. But a letter from Mrs. Joe Walter of Garrett, Ind., to a local newspaper states that her son, Leo L. Madden, enlisted and went overseas at the age of 13 with the Rainbow division and was at the front eighteen months with the 150th field artillery.

He sailed for France August 17, 1917, and he was not 14 years old until October 10 of that year, according to his mother. After coming home young Leo re-enlisted and was sent to Camp Grant, Ill., where he is stationed with the 52nd infantry.

The next term of federal court will open here during May. No definite date for the Miller case has been set.

NORTHERN STATE WILL ENFORCE ALL "BLUE LAWS"

(By the Associated Press)
SIOUX FALLS, S. D., April 2.—Rigorous enforcement of all the "blue laws" on the statute books of South Dakota was scheduled to begin tomorrow.

In the state-wide campaign which Attorney General Byron S. Payne has announced will start today, provided there are any violations, Sunday baseball seemed doomed, along with any other sports which ordinarily take place on the Sabbath. The lid also will be clamped on Sunday movies and theatrical performances, and stores which sell food must be closed at 9 a. m. on the Sabbath.

An ancient "blue law" which has been upon the statutes for a number of years, and which has never been enforced, affecting the type of motion picture films may be displayed on any day of the week also is to be resurrected and enforced to the letter, according to the edict laid down by the attorney general. Motion picture exhibitors throughout the state have declared that it is absurd to even think of enforcing that provision of the code, because they point out, it would bar practically all the recent movie productions which violate the provision in some manner or other. The code

says, "It shall be a misdemeanor to exhibit any indecent or vile motion pictures; any pictures portraying illicit love or infidelity to marriage promises; crime, or in any way suggesting the showing of crime or other immorality."

At a conference of the state's attorneys held at Huron, S. D., on March 24, called at Mr. Payne's invitation, the official declared that inasmuch as the last general assembly had not seen fit to repeal the

"old blue laws," after many requests had been made for it to do so, it was the duty of the state's attorneys to enforce every "blue law" on the statute books.

Valley View Sub-Division of W½ of SE¼ of Section Four

This subdivision is so named because from the hill you overlook a valley both to north and south.

There is now on this subdivision the following:

One 9-room modern brick home complete.

One 6-room modern brick home material being put on the ground.

One 5-room and basement now under construction.

One 6-room frame house contracted to begin construction.

I sold three more of these tracts Saturday, this in addition to two sold Friday is 5 out of 14 to be sold.

Two of the other buyers contemplate building as soon as they can make arrangements.

If you want room and fresh air with scenery and still be in walking distance of town, schools and churches you can make no mistake in buying one of these desirable tracts for your home.

Any family who owns their cow, chickens and raise 2 or more hogs and garden truck will tell you that they pay half the grocery bill and that they set a better table than those who buy out of paper bags, glass bottles and jars and fancy paper packages.

Your children will be better for the knowledge of farming and stock raising. Get them interested in a calf, red hog or chickens, they also will make money.

All this can be done on one of these tracts of land.

If you want to build this summer, you can buy a tract all on time, one, two, three and four years at 8%, or if you do not want to build now, get a tract for one-half cash and one, two and three years at 8% and build when you want to or sell off a part of your tract.

You will be surprised in one years time, by the development of this property and you will be sorry if you do not buy now before they are bought up and resold at double the money now asked.

Get busy and get a choice tract, have a real home or make money by buying now.

Car at your service and I am ready any time from 7 a. m. to 7 p. m. to show this property.

Heavy Cheviot Shirting, yard	15c
Best heavy Brown Muslin, yard	12c
Fine quality 36-inch Pure Taffeta Silk, black and cloors, per yard	\$1.39
Men's fine Lisle Sox, black and colors, pair	25c

FUTURE HOLDS VICTORY FOR GUY STILLMAN, DANGER FOR JAY LEEDS, ASTROLOGER DECLARES

NEW YORK, April 6.—(Special)—Astrological influence could not be better portrayed than in the horoscopes of little Guy Stillman and Jay Leeds, who in spite of themselves are being made the center of world-wide publicity. So says Miss Belle Bart, astrologer, who has "read the future of these lads. James A. Stillman, millionaire New York banker, charges that Guy is the son of his wife and a Canadian guide. Mrs. Stillman, in her counter-suit for divorce, says Jay Leeds is Stillman's son. The boy's mother is Mrs. Florence Leeds, "the other woman."

Says Miss Bart: "It cannot be gainsaid that these children are not at the present the makers of their own lives. Hence the factors of will not being present leaves the full weight of eloquence to be borne by the present horoscopes. The stars indeed speak truly."

"In 1918 the Leeds and Stillman babies were born at a fatalistic time when the planet Saturn, the Oppressor, was unkindly to the revolutionary Uranus and the Moon, ruler of the subtle life forces was fast racing to the most malefic bodies, Saturn and Uranus."

STILLMAN HOROSCOPE.

"Now it so happens that in 1921, approaching the third year after birth of both infants, the aspect is complete and throws thereby its maximum force for evil and scandal. This determines the event, hence this trouble."

"The planets being in fixed signs, it is safe to predict a lengthy controversy which will leave its stamp and exact a heavy toll in after days upon these two children."

"It is no more chance work to have two children born within barely two months of each other who would be so inextricably entangled in litigation."

"In both charts the malefic planets are opposed to each other from the fifth and eleventh signs of the zodiac, the influence of which is said to dominate over matters of scandal and public notoriety; also premature fame."

"In Guy Stillman's horoscope the concrete picture presented by a thorough analysis of the position of the planets indicates a life full of adventure and of ups and downs, particularly in foreign countries, where he is likely to spend a great deal of his time in the company of his mother."

MAY BE MILLIONAIRE.

"In this case the Sun is conjunct Venus and in the sign Scorpio, the eighth of the zodiacal family. He may be under a cloud himself, his health forces may decline, which will probably terminate his life span. While at the same time little baby Guy, then a grown boy, stands a very good chance to become a millionaire. The misfortune of one will become the gain of the other."

"Should fate so decree that Guy Stillman overcomes his adverse stars at this time, later in the year 1931 we find a series of more fortunate aspects under the Sun conjunct Mercury and Sextile Mars, which as they occur from Scorpio and Sagittarius strongly tend to incline toward a decision being taken to have him sent to a military or naval academy. There he will do very well, gaining distinction, making many friends and life-long associations."

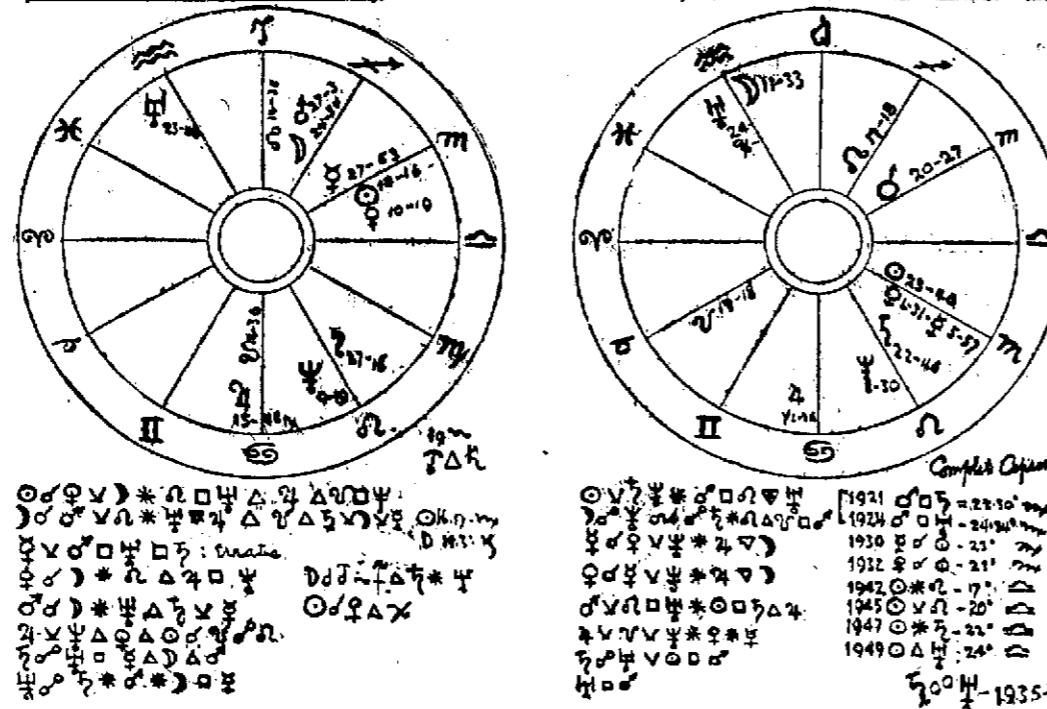

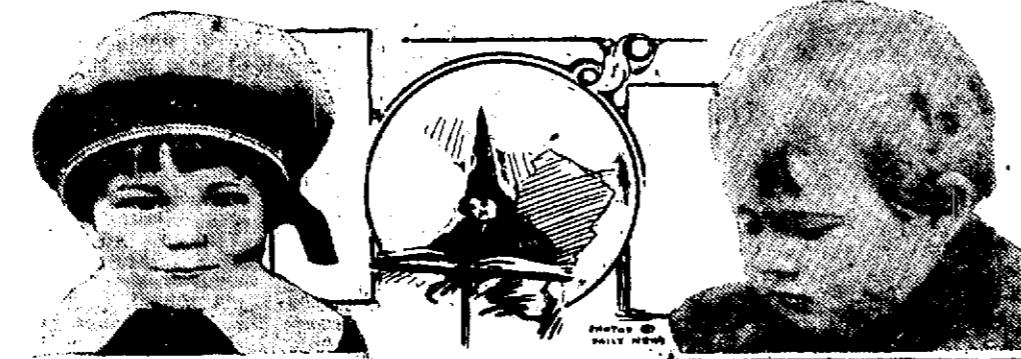

WILL BE ROMANTIC.

"But, in spite of all these occurrences, there will still remain the heavy pall of gloom because of the unfriendliness of Uranus and Saturn in the chart at birth. The parents will remain for all times at daggers drawn."

"The conjunction of the Sun and Venus in the zodiacal sign of Scorpio, both of these in close association with Jupiter, holds forth the promise of a great many conquests in the camp of the opposite sex, many love affairs and romances, some long and lasting with a tragic end dramatic aspect to them."

PREDICTS A VICTORY.

"A great deal of money which he will inherit will be spent on pleasures and the real entertainment of friends of both sexes. The planet of fortune Jupiter forms two powerful aspects with the combination Sun-Venus, and this alone is a guarantee that, no matter what might be the principal changes of fate, he will always be well provided with cash. Upon the whole consideration I do not hesitate to

Mystic signs of the zodiac that control lives of Stillman and Leeds babies, as Belle Bart sees them, and Jay

Leeds, left, and Guy Stillman, the babies whose futures are discussed.

predict a victory for Guy Stillman, his mother, and his mother.

Guy Stillman's unconscious protagonist, Jay Ward Leeds, has at birth a greater series of unfortunate influences in operation. From Aquarius and Leo, the eleventh and fifth signs of the zodiac, are found the opposition of the moon to Neptune and Uranus to Saturn. This double aspect is a drain upon the life forces of both mother and child.

It would be a constant anxiety to the parents and surroundings from the health point of view, being several times on the verge of passing out of this life, were it not for the fortunate influences indicated by the sextile of Mars in Scorpio to the Sun in Virgo and also to the good offices of Venus conjunct Mercury.

Child of Refinement.

Here we have a child of keen refinement, a highly sensitive nature, with strong emotional bias. In this may it is easy to conclude that his load of cosmic doubts which, according to Hindu philosophy, he brought with him in this life, will place a strain frequently upon his spiritual resources.

He may be a precocious poet, an artist and musician, an observer and a critic. His solace, his only means to achieve fame and greatness,

An early marriage is indicated providing he survives the danger period—the age of twenty-one or vice twenty years ago, and has twenty-two being the time for the hot failed to make his regular happy event. From 1947 till 1949 trip for a single day in all that upward the present scandal time.

A small carrier in Keweenaw, Illinois, entered the government service twenty years ago, and has twenty-two being the time for the hot failed to make his regular happy event. From 1947 till 1949 trip for a single day in all that upward the present scandal time.

which has tarnished his possibilities of his mind to intellectual pursuits and works of re-

ently."

Dalton was made to say that he thought the Ottawa case fitted his own.

This incorrect report was in type for several hours before investigation by Associated Press writers brought denials from Mr. Dalton that he had made any such statement.

In an address, W. J. Bright, chairman, emphasized the fact that it "isn't a matrimonial venture."

"We are here to get acquainted and enjoy a sociable evening," he declared.

Some of the widows were attended by their grown sons. Some had never before been inside a ball room.

Makes Wooden Legs.

(By the Associated Press)

YORK, S. C., April 6.—Dr. W. E. Irwin, 84, oldest white male citizen of this city makes wooden legs. The doctor lost his own right leg by a shell during the war be-

"Our conversation was about as follows:

"Reporter—Did you ever read about the Ottawa case which came before Judge Landis?"

"Dalton—No."

"Reporter—The two cases resemble each other, and in that case Landis did not sentence Carey, but let him go on his honor, to come back at any time he would call him. The two cases resemble each other and for that reason I thought you had read of it."

"Dalton—The Ottawa man got a raise just before he pulled off his stunt."

"Reporter—Then you have read about the Ottawa case."

"Dalton—Yes, I have read about it."

When this conversation was reported over the long distance telephone the question became mixed with the answers, with the result

that Dalton was made to say that he thought the Ottawa case fitted his own.

RURAL EDUCATION.

Education is the very life-blood of democracy. The standard of rural schools is generally lower than that maintained in the cities.

Education in the country is estimated to cost \$18 per child as against \$53 for the city child.

Good schools are just as essential for the farm laborer and his family as for the farmer himself, and if the farm help know that they can have the advantages of proper educational advantages for their children, it may mean a more stabilized farm-labor situation.

Rural schools should be headed by one who is in thorough sympathy with agriculture and should eliminate those text books that are based on city life.

The rural school has a broad field of usefulness in the building up of the social as well as the educational life of the community.

The importance and dignity of farming as a profession requires the best of brains and skill and should be emphasized in the school work. However, the country school should offer educational advantages equal to those of the city, not confirming the entire curriculum to rural subjects.

The elevation of farm life to the high standard that it deserves will come when the standard of education offered the farm boy or girl shall have reached that point where it is equal to that offered anywhere.

THE ATTRACTIVE TOWN.

Economy is a good thing in municipal affairs, but you can carry it too far. Many public officials say that beauty is a luxury and it can't be afforded. Yet people who go on that theory in handling their own places are not apt to see their real estate advance in value much. It is the same in developing a city.

It has become a settled policy in many advancing towns, to try to persuade every householder to plant shrubs and trees and give each home a restful setting of foliage. Trees are planted when streets are laid out so that when houses are built the neighborhood seems homelike.

Vacant land in the outskirts is taken for parks. If taxes can't be afforded to improve it, community work days are held and the people take hold and make it a scene of beauty. Unused corners at street intersections are made into little nests of greenery. When buildings are put up, good standards of taste are consulted.

If a town will carry out such a policy for a period of years, it will acquire a charm far more attractive than costly edifices. It would gain a reputation as a home of progressive and refined people, who have travelled enough to know what a fine modern town looks like. Almost anyone would pay a premium to live in a place like that.

THEN EVERYBODY LAUGHS.

In a recent motion picture occurs a trivial incident, quickly grasped by everyone in the audience. The villain picks up a Bible, but before opening it, he blows the dust from the edges. It is one of the best touches in the play and the audience "gets" it. Too bad more people do not read in the Bible now and then. It has a wonderful quality of being always new, of presenting unexplored depths of thought and light at every reading. The reader often finds hidden away something he had missed on his last visit.

PROOF OF GENIUS.

Among the few companies that did a more profitable business in 1920 than in 1919, is the old reliable, Standard Oil. Its lusty infant, Standard Oil of Kansas, is the latest to make a showing. It earned \$83 a share net in 1919, but in 1920 made it \$102 a share.

However, taking it by and large, making 100 percent profit a year is nothing much to a Standard Oil. But doing it in a year of depression in business—well, that shows genius.

A NEW MEANING.

There's a new definition, or meaning, for the word optimism: It is that thing or person, or being full of, or having the quality of, or being obsessed by the opinion of belief, that the way for everybody and every nation to maintain the peace of the world is to be armed-to-the-teeth.

If anything, these optimists are more nutty than those who deny the existence of and look not upon the hole in the doughnut.

SUCCEEDS PAYNE
AS RAIL DIRECTOR

James Cox Davis.

James C. Davis of Iowa is the new director general of railroads. He was appointed by President Harding to succeed Judge John Barton Payne. Davis was counsel general for the railroad administration. Previous to that he was solicitor of the Chicago and Northwestern railroad.

The Forum
of the Press

Arkansas Gazette: Germany does not know how easy the Allies are making it for her. Suppose they should require her to fill out an income-tax blank.

Shawnee News: The most wonderful exhibitor for any city in Oklahoma is let to enter the Better Cities contest. It brings out just what good points a city has and puts its shortcomings in the lime-light sufficiently to urge a correction.

Vinita Journal: An airplane flight at an altitude of 14,000 feet has restored the power of speech in a young man. The man who is not successful in having the last word with his wife might try out this receipt.

Shawnee News: Duncan now has two daily newspapers, both The Eagle and Banner, successful weeklies, having entered the daily field. The patronage is such this new oil town that 12 pages is the customary size of the daily issues.

Muskogee Times-Democrat: Some body accused the editor of the Hugo News of not printing all the news of the town. Now the editor is threatening to print everything he knows and a number of prominent citizens are preparing to leave town.

Muskogee Times-Democrat: The movie concern that made a contract with Clara Smith Harmon for \$50,000 as a screen actress is stung. The city commissioners at Ardmore have officially barred all Clara's pictures in the movie houses of that town. If they won't stand for her pictures in Ardmore, they won't anywhere else in the world.

McAlester News-Capital: Dr. Heward Carrington, noted psychic, advocates talking with Mars, Venus and a bunch of other planets than dreams. But his idea isn't new. Anybody who has eaten a Dutch supper just before going to bed, knows that becoming acquainted with strange worlds is a mere matter of common instances.

A person habitually constipated is a shining mark for disease, because his system is full of the impurities on which disease germs thrive. Get rid of the habit quickly by taking Prickly Ash Bitters. It is a stimulating and purgative remedy for men. Price \$1.25 per bottle. (adv)

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Huggett, residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Huggett said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on."

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me."

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped."

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

If suffering with symptoms such as Miss Huggett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years.

Try Cardui!

Your druggist sells it.

Former Bebe Boy
Stabbed in Quarrel
At Sunday School

James Watson, 17 year old farmer boy who lives just across the Canadian river from Tyrola, was stabbed in the region of the heart and seriously injured by a farmer boy named Craven last Sunday, while the two were attending Sunday school class at the East Fairview school house, in Seminole county.

Trouble is said to have started between the two boys when Watson accused Craven of insulting his 14 year old sister, a week previously. It is said that when Watson asked Craven why he had done it, Craven did not reply, but pulled his knife and plunged it into Watson's bosom. It is said that the act was committed in the presence of several witnesses.

A member of the Watson family called on Attorney R. C. Roland of the Ada bar to take part in the prosecution of the Craven boy. Mr. Roland had a warrant issued for his arrest on a charge of assault with intent to kill and has just been advised that he was arrested at Konawa Monday evening and that the preliminary trial is set for hearing at Konawa, April 15.

Watson, the injured boy is well known in the Bebe neighborhood, where he lived with his mother until about eight years ago, when the family moved to their present home near Tyrola.

One of the doctors at the local hospital was called to the Watson home Monday to dress the injured boy's wound. The doctor says that while the boy is injured in a very nice and will likely recover within a short time.

The Body of Charlie
Algeo Will Arrive
for Burial Tomorrow

The body of Charlie A. Algeo, a former resident of this city who was killed in an automobile wreck near Wichita, Kansas, December 20 will be brought to Ada for burial tomorrow.

The body will arrive on the noon Santa Fe train and will be taken directly to the Rosedale cemetery, where a brief funeral ceremony will be conducted before the body is lowered to its resting place beside the body of an infant son, who died in this city while the parents were making Ada their home.

NOTICE.

Factory Building
Postponed Until
Tests Can Be Made

J. H. Atkinson who has made several trips to Ada during the past month to investigate the feasibility of establishing a cannery factory at here, returned to his home at Brighton, Iowa, yesterday, having decided that he will not build the factory until next year.

Upon discovering that he had started the work on his plan too late to handle a tomato crop this year, Mr. Atkinson was about in the notion of starting this year with a pickle salting and canning factory, when he was advised by a large company at Burlington, Iowa, that there is some doubt whether pickles raised this far south will stand up under the handling which is necessary in preparing them for the market.

Before leaving the city Mr. Atkinson made arrangements for a Pontotoc county farmer to raise an acre of pickles this season and he will return later in the season and test them out thoroughly to learn if they come up to the standard established by the northern grown product. If he is satisfied with the results of the test he will return to Ada this fall and build a factory. The factory will be equipped to handle the product of several hundred acres of pickles, tomatoes and various other products for which the soil and climate of this country are adapted.

GOOD ROADS DAY
A BIG SUCCESS

(Continued from Page 1)

of the club by a standing vote approved Mr. Roach's remarks.

Other addresses were made by Judge W. C. Duncan of Ada, Dr. Overton of Roff, Mr. N. B. Stall the newly elected president of the Good Roads Motor club who acted as chairman, and W. M. Emanuel the newly elected vice-president of the club. All predicted the accomplishment of many needed improvements through the activities of the club, and the very best of good feeling and harmony prevailed throughout the afternoon session.

The High school band furnished music for the occasion and their splendid playing won many tributes from the speakers, and much applause from the crowd which filled the court room.

The following officers were elected to have charge of the Good Roads Motor club for the coming year: N. B. Stall, president; W. M. Emanuel, vice-president; directors H. B. Roach of Ada, L. B. Adams of Allen, J. A. Hart of Fitzhugh, W. P. Chism of Francis, Dr. Hill of Roff, O. W. Reed of Stratford, H. L. Norman of Maxwell, Joe Beck of Stonewall and J. M. Coleman of Ada. The first meeting of the board will be called in the near future.

Second "Speediest" Cruiser of Navy Is Launched at Tacoma

Getting Home.
Getting home is best, I say!
Though it's fun to go away.
And there's pleasure in a trip
Overland or on a ship.
Taking you to splendors new,
After all the journey's through,
Makes no difference where you
roam.
There's no thrill like getting home.

Maybe with thumping heart
You look forward to the start.
And you think you'll never get
Quite enough of travel, yet
After you have journey far
Where the nation's wonders are.
Soon you'll find you hunger for
All the folks at home once more.

You may laugh and sing and shout
As you wander, in and out,
Meeting new friends everywhere,
Seeing glories here and there,
But these joys at last will pall,
And you'll wish above it all
For that happiest moment when
You'll be starting home again.

—Edgar A. Guest.

Faculty Entertain.

The members of the Normal Faculty entertained Mr. and Mrs. A. Linscheid at their home on South Francis avenue last evening with a surprise party and luncheon. This was done through the high appreciation for the efforts that Mr. Linscheid has put forth in the interest of the school.

A most delightful evening was spent in playing games, talking and having a good time in general. There were none present outside the faculty and they lost themselves in an evening of joy and fun. After having spent the evening thus, a delicious luncheon was served which consisted of hot rolls, tuna fish salad, coffee, potato chips and strawberries with cream. Mr. and Mrs. Linscheid are very grateful to the faculty for their appreciation and kindness.

Rev. R. C. Taylor left today for McAlester where he will attend a meeting of the executive committee of the board of missions. The church conference announced for tonight at the church will be postponed on account of his absence. The prayer services tonight will be conducted by Rev. Ed Brothers.

Mrs. W. K. Jenkins was visiting relatives in Oklahoma City this week.

Mrs. E. T. Burk has returned from a several days visit with her sister near Ft. Smith, Ark.

Miss Geneva Wilson was here this week visiting relatives and will return to her home at Manassas tomorrow.

Mr. and Mrs. Fred Walker left yesterday afternoon for their home in Sherman after visiting here for a few days.

NORMAL NOTES

The Home Economics club met Wednesday afternoon in regular business session.

A special chapel was held yesterday at which time the present condition was laid before the students.

Pres. Linscheid is planning to go to Tishomingo to address a teacher's meeting Friday and Saturday of this week.

The girls debating team are invited to meet the O. B. U. girls team of Shawnee here on the night of April 20.

Mr. Wilson was in Shawnee last Friday for the purpose of judging a debate between the Shawnee High school and Oklahoma City team.

Pres. Linscheid has been invited and has accepted to deliver the graduating addresses to ten high schools in the district during the month of May.

Mrs. A. Linscheid has returned from Prague where she spent a few days visiting her mother and other relatives.

The Normal faculty entertained Mr. and Mrs. A. Linscheid at their home on South Francis avenue Tuesday evening with a surprise party.

The Juniors are now at work on their play which they plan to give in the near future. The title of the play will be "The Arrival of Kitty."

The Treble Clef club are now practicing for a musical program which they will give soon. The club is making fine progress this term under the supervision of Miss Keller.

The new members of the Phi Beta sorority are observing Hell Week. There is a large number of

Mr. Harris has moved from his home on Sixth and Francis to a new home on South High School avenue.

Word has been received here stating that Capt. J. P. Hunter, father of E. C. Hunter of this city, died yesterday in Muskogee. Mr. Hunter left immediately for Muskogee where he will accompany the body to Huntsville, Texas, for burial today. He died at the home of his daughter, Mrs. J. P. Mason and leaves several children who will be present at the burial.

**MUSKOGEE ATTORNEY
TRANSACTS BUSINESS HERE**

J. W. Cosgrove of Muskogee is in the city today transacting legal business, and expects to return home tonight.

Mr. Cosgrove is the law partner of Senator Rutherford, who is well known in Ada.

Saddler Grocery Is Moving to New Home On East Main Street

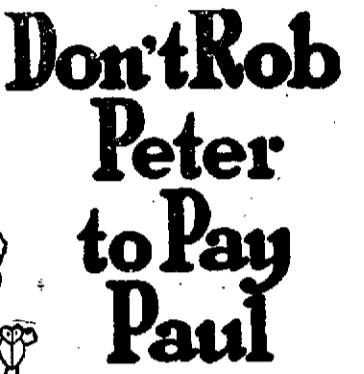

The Saddler Grocery, which has been located on West Main street for several months, has now secured the building formerly occupied by the Purity Grocery and Market in the Business College block. Mr. Saddler who is owner and manager of the store, will continue in charge.

The new location is a much better one than was formerly occupied and is an advancement for the business. They will have a first class grocery store at this place and invite all their old customers and friends to come in and see them in their new home.

Read the want ads every day.

Of Interest to Women

A prominent physician says that by far the largest number of women's ailments are not surgical ones that is they are not caused by serious displacements, or growths. Symptoms similar in character are often brought about by much simpler conditions. We therefore urge every woman who suffers from backache, headaches, bearing down pains, side ache, irregularities, nervous despondency, or weakness to give Lydia E. Pinkham's Vegetable Compound a trial. It acts as a natural restorative and often prevents more serious trouble. (14)

NOTICE

The A. P. Brown Store here is preparing to put on a "Get Acquainted Sale" which will begin April 7 and continue for ten days. The purpose of this sale is for the present new management, Mr. and Mrs. Wood Black, who have been in charge since the first of the month to get acquainted with the citizenship of Ada and this community. They are new here and are anxious to get acquainted with all their customers.

Mr. Black bought out the interest of Mr. Pollock, former manager of the store here, and has charge of the store. His wife has arrived in the city and will have charge of the ladies ready-to-wear and other dry goods. They are both experienced in the dry goods lines and will carry a new line of goods as soon as the present stock is disposed of. The store will be remodeled and put in first class condition.

New Bethel News.

Mr. and Mrs. G. W. Walker of the New Bethel District are in receipt of a letter from their daughter, Mrs. Minnie Ridgeway of Tucson, Arizona, telling of the death of their infant son, George Louis, on March 26. The little one has been a sufferer of tuberculosis all his life. He was four months and 14 days old. Mrs. Ridgeway was raised in this neighborhood and many will sympathize with her in her hour of sorrow. Mr. Ridgeway was raised in the Roff community.

Mr. Tooley has severed his connection with the banking institutions at Purcell, it is said, and is now engaged in other private business. He is well known to many of the business men of this city.

**PRICE OF COCO COLA
REDUCED BY BOTTLING CO.**

T. B. Blake, manager of the Ada Coco Cola Bottling company, tells the news that he has reduced the price of his products to the retailer so that bottled Coco Cola can be sold by them for seven cents with the fair profit they have heretofore made. Also all soda waters will be sold at six cents.

This reduction places the bottle of Coco Cola on an equality with the glass served at all fountains in the city.

The Domestic Art class of the Ada High school will have an exhibit of work done this semester, tomorrow afternoon at 2:10 at Ada High school auditorium. Everybody cordially invited to attend.

Correspondence**Venous Items.**

Most of the fruit and some garden vegetables are reported killed as a result of the cold weather of last week.

J. A. Pharr of Summers Chapel was a guest at the home of Bill Collier Saturday.

Carl Stillwell and family returned from Raton, Okla., last Monday, and went from here to his mother, Mrs. Etta Pharr, at Summers Chapel where he intends to make his home this year.

Mrs. Minnie Sneed of this place was the guest of her sister, Mrs. Rosie Pharr, of Summers Chapel over Saturday and Sunday.

Earl Stillwell and wife of Summers Chapel spent Saturday and Sunday with their brother and family, Henry Bevel.

Miss Mattie Whitaker of Pickett and Harry Dixon of Vanoss were married in Ada Saturday, returning to this place where they will make their home.

Earnest Pharr of Summers Chapel was a Vanoss visitor today.

Colbert News.

Rev. Bell filled his regular appointment Sunday and Sunday night.

A large attendance was reported at the B. Y. P. U. Sunday evening.

Miss Edna Driskell spent Sunday night with the Earnest girls.

Misses Flora Coventan and Viola Ernest took supper with May Brunley Sunday evening.

The girls basket ball team is going to enter in the county field meet. We have one of the best teams in the country and have won several games this season.

Misses Fay and Flora Coventan, Viola and Ellen Ernest, Mary Brumley, Ted Rushing and Mr. Drexall were guests of Grace and John Hyder Sunday at noon.

Everyone is invited to the B. Y. P. U. Sunday evening.

DAUGHTER WINS "MOST BEAUTIFUL" TITLE WITH BEAUTY INHERITED FROM MOTHER

Miss Clare Boothe, right, and her mother.

Miss Clare Boothe of Greenwich, Conn., recently was voted the most beautiful girl on the Riviera. She was, at that time, in Nico. She later went to London for a brief visit. Miss Boothe's striking beauty seems to be a family trait, judging by the photo of her mother.

Bank Robbers Are Warned in Kansas

(By the Associated Press.)

TOPEKA, Kan., April 4—If bank robbers are accustomed to exercising foresight as to possible capture

the Kansas Bankers association is anxious that they read up on laws

and offers of reward in Kansas designed to discourage their activities

in this state. The association has a standing reward of \$5,000 for the

capture of bank robbers and the 1921 Kansas legislature doubled the

penalty for bank robbery, making it

from ten to fifty years imprisonment.

The law applies to attempts as well as "successful" robberies.

Peace officers say that since the bankers' association made its standing offer of reward, more than a year ago, the number of bank robbers has not fallen off perceptibly.

Within a week after the new ten to fifty year penalty became effective, four bank robbers were captured, two in Pratt county, and two near Topeka. The former pair, one of whom was identified as a notorious

escaped convict, were sentenced to thirty years imprisonment "at hard labor." They were sent to the pris-

PLAY GROUNDS ARE WELL USED

Thousands Benefited by the Recreational Centers in United States.

(By the Associated Press)

NEW YORK. April 6.—More than 4,000 playgrounds and recreational centers in the United States are helping to keep boys out of mischief, teaching girls swimming and other athletics and showing adults how to benefit themselves physically and mentally by play.

The effect they have in keeping boys out of trouble with the police is emphasized in reports which have come to the playground and recreation association from all over the country as one of the most important results of the establishment of playgrounds in cities. These facts are given in the year book of the association just made public.

The chief of police of San Francisco believes the establishment of neighborhood recreation centers is a constructive measure toward suppressing the crime wave. He asked the community service to extend its recreation work because he believed that the wrong use of leisure time had much to do with the increase in crime.

Granville Lee, supervisor of the Portland, Me., recreation commission says that bad boys behave themselves during the playground season and also that there are fewer street incidents of children because of playgrounds.

The playground directors of Bay City, Mich., have discovered that summer activities on the playground have practically eliminated all swearing, cheating and stealing among the children. They note with satisfaction that the spirit of fair play has helped to put the playground bully where he belongs and boast of an appreciable falling off of delinquents.

Cases are reported where mothers have been amazed to note that their children did not catch cold although they have played in the snow, that the youngsters have eaten in weight and appetite. In one case a father forbade his daughter to play because it made her eat too much.

One thousand children were taught to swim in one week at Tacoma, Wash., and it is estimated that 500, the majority of them girls have learned to swim at Seattle.

Pageants, plays and community singing have been fostered through out the country in the past year with good results. One pageant was given at Kalamazoo, Mich., in a snowstorm but it was attended by several thousands and the scenes were much enhanced by the snowy settings.

Community singing in factories has been helpful in establishing friendships among the employees and between them and their employers and in lessening the popularity of crap shooting.

Many different organizations are promoting this work with the result that a 42 percent gain is reported last year.

Peace Officers Not Needed
CHANHASSEN, Minn., April 5.—Declaring peace officers unnecessary in this town, voters in the recent municipal election refused to ballot for constable or justice of the peace and as a result Chanhasseen has neither of these officials now.

Miss Jessie Fowler, 619 West Fifteenth street, who underwent an operation for appendicitis at the Wesley hospital in Oklahoma City two weeks ago has been making favorable progress and will return to her home in Ada the latter part of this week. Miss Fowler formally resided at Stonewall.

Nervous fluttering or palpitation of the heart does not indicate heart disease, generally it means disorder in the stomach and digestion. Prickly Ash Bitters is a man's remedy for such ailments. It cleanses, strengthens and regulates the stomach, liver and bowels, removes the cause of the heart symptoms and builds up a strong and vigorous body. Price \$1.25 per bottle. Sold by Gwin & Mays, special agents (a)

Quarreled Since Wedding Day

"My stomach and liver trouble made a regular grouch of me. I was sore at everyone, including my wife and we quarreled every day since the wedding. She is a dear little girl and I know it was my fault. May's Wonderful Remedy was recommended for my stomach trouble, and since taking it I have felt like a new man. My wife and I now get along beautifully." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Gwin & Mays and Druggists everywhere. (25)

MUST PAINT WAY AROUND WORLD TO EARN LEGACY OF HOLLAND PATRON

J. Monnickendam before a partly finished canvas.

J. Monnickendam, Holland artist, will get 50,000 guilders on condition that he tour the world with no money other than that derived from his paintings. He must not sell his work through dealers and he must be back in Holland in 1924. According to the will left by a wealthy Dutch patron of arts, Bildbreck, Monnickendam and his friend were to do this, but his friend died on the way. In England King George helped him and in Rome he won the Prix de Rome. He has still to go to China, India and Japan. His friend who is helping him here is Mr. Andre Polah, the well known violinist who accompanied McCormick for the R. J. Cross in a million dollar drive.

GO TO THEATRE

At the McSwain.

The loyalty and love of the women of the South during the American Civil War is admirably depicted in a new striking Paramount picture of William Gillette's play "Held by the Enemy" which will be shown at the McSwain theatre today.

The locale of the story is a Southern town newly captured by Northern troops. A young widow, who believes that her husband has been slain in battle, falls in love with a young Northern Colonel, who protects her from the looters. She about to accept his proposal of marriage, when her husband appears on spy duty. He is arrested by the Colonel, and throughout the remainder of the story, the dutiful little wife makes many sacrifices in her attempts to save her husband from death. The culminating situation is one of the most dramatic ever presented on the silversheet.

Henry Roquemore's Musical Comedy Company scored another hit at the McSwain last night. The company presented "Jim-Jam-Jems" to a full house. This popular company consists of the very best of talent and the specialties were particularly enjoyed by the audience. Mr. Roquemore in comedy roles never fails to please. Fred Faunt Le Roy is the most popular star, and the whole group are superior performers. An evening spent with them is well worth while.

At the American.

"The Inner Voice," which is considered to be the greatest motion picture ever made, will play a spec-

ial engagement at the American theater on Thursday and Friday.

It is claimed that this production which cost several hundred thousand dollars to produce possesses a positive human story with an abundance of sympathetic appeal.

It is the consistent blending of the various characteristics found in this drama that has made it the phenomenal success that it is.

As far as the story goes, there is much that makes a definite appeal to the heart. It preaches a forcible moral, but unlike many other pictures dealing with the spiritual and moral regeneration of a man, it does not sacrifice the dramatic value for the sake of moral preaching.

Critics everywhere claim that in "The Inner Voice" all the elements upon which the art of the drama has been developed since its early days, are to be found in this production in perfect balance and contrast.

E. K. Lincoln who has to his credit many startling characterizations in past photoplays, has the role of Mark Reid, in "The Inner Voice." As a lover, as the derelict who is completely down and out, and finally, as the mysterious monarch king, he is always effective and forceful. His work in this production makes "The Inner Voice" a manly, strong and compelling dramatic recital.

Mr. Lincoln is capably assisted by a well balanced and competent

WONDERS WORKED BY SCIENTISTS

Lepers Are Cured From Dreaded Disease by New Cure.

HONLULU, T. H., March 12.—Praise God from Whom all blessings flow;

"Praise Him all creatures here below;

"Praise Him above, ye heavenly host;

"Praise Father, Son and Holy Ghost."

In simple grandeur the notes and words of the old doxology arose from half a thousand throats; a stalwart, white-headed Hawaiian senator and pastor spoke a solemn benediction, and sixty-four men and women—once lepers—filled between the lava pillars of Kalihii's gates to freedom, back to a world from which they had been outcasts, back to the homes which some at least had believed they never would see again.

Science had won another great battle with the scourge of the ages.

The sixty-four patients who were released on parole the other day from the Kalihii hospital after treatment with refined chaumogoo oil, constituted the third division so returned to their homes. In all 142 have been paroled during the past two years and not a single one has been sent back owing to recurrence of the disease.

Officially the institution is known as Kalihii hospital, but its inmates call it by another name, a strange name, unless one has seen the cheerfulness born of hope that pervades the air there. It is "Mount Happy."

On the day the sixty-four were paroled friends and relatives gathered from far and near in the islands to greet those who came out of the vale of shadow. Behind a hedge stood one group of smiley faces.

ing inmates, behind a frail wire fence another happy group. One group was to go back to the world, the other was to remain for further treatment.

Still another group, and larger, was gathered on the other side of the wire fence; they were the mothers, fathers, brothers, sisters, sons, daughters and friends of the paroled patients.

The clear voice of a Hawaiian woman started singing the doxology, others swelled the volume, and to the accompaniment of rustling palms, and the hum of a warm trade wind in the trees the air of thankfulness and praise carried through its last grand note.

Stephen Desha, minister of the gospel and territorial senator, more than six feet in height, stalwart and white-headed pronounced a benediction in the Hawaiian tongue.

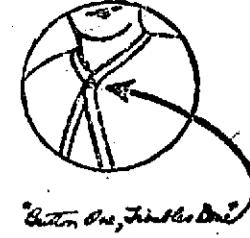

The sixty-four turned to the right and marched out between the lava pillars of the big gate to the arms of their waiting relatives and friends.

Stunt flying and operation of airplanes at altitudes below two thousand feet are illegal under the provisions of a New York City ordinance recently adopted. Violations are punishable by fine and imprisonment.
